
CAMDEN CITY HIGH SCHOOL STUDENTS & PARENTS

LEAP Academy is looking for highly motivated 10th and 11th grade students to participate in the LEAP Early College Program!

Do You Want to get Started Earning College Credit While Still in High School?

Do You Have What it takes to compete in a College Classroom?

Do You Want to get Your Future Started Today?

The LEAP Early College Program is a partnership with Rutgers University and Rowan University that provides all LEAP Academy students with the opportunity to take a full college course load while still in High School!!!

Can you picture yourself as a graduating senior attending classes full time at Rutgers and Rowan?

Can you picture yourself having a senior year schedule aligned to a college counselor, with a 2:00 pm dismissal time and graduation in May?

Can you picture yourself graduating enough to enjoy your summer and participate in valuable EOF programs and summer internships?

Here is why you should choose LEAP Academy!

ACADEMIC EXCITEMENT!

You will be challenged and exposed to real college level coursework, giving you a head-start on completing your college degree and giving you a competitive advantage over every other high school senior in the city of Camden and the entire region.

FAST TRACK TO EARLY CAREER SUCCESS!

While most college freshman will spend their first year figuring out what they want to do and how to navigate college life, you will be ahead of the game with a full year of college under your belt!

LONG TERM COLLEGE SAVINGS!

College is expensive! Just one course at Rutgers or Rowan is approximately \$1,200 per credit, and thru the LEAP Early College Program you can accumulate up to ten completed college courses, equating to savings of \$12,000 for up to 30 college credits.

COMPREHENSIVE TARGETED SUPPORT

You will be supported by a Director of College Access, given the tools to successfully navigate the high school to higher education transition process.

Be part of school with a legacy of success:

- 14 Consecutive Years with 100% Graduation
- 14 Consecutive Years with 100% College Placement
- An average of over \$4 million academic scholarships annually
- Dynamic summer programming and leadership training
- SAT and Standardized Test Preparation
